Course durations (Volume of Learning):

The arrangements for completing the course requirements are very flexible and will allow you to structure your learning around the demands of your life and employment or business. A constant feedback process is used to monitor your progress and assist you to learn.

People learn at different speeds and where one student may have a natural ability to learn one set of competencies quickly, but be slower at acquiring others. Generally speaking, it is advised that all part-time course work be completed within a reasonable time frame.

Students are required to submit work regularly at a rate of not less than a study module or unit per month or two months, and certainly within three months. If circumstances will prevent you from completing your course requirements within these time-frames, you should notify the RTO and discuss options for completion at a different pace.

Amount of Training required

If you are coming in with prior study or workplace experience you may complete courses in a faster time frame. The experience and prior learning you bring to the course can be discussed in entry interviews and you may be given a pre-training questionnaire to complete.

KIC administration will ask for a copy of a USI transcript – this transcript can assist you in respect of any Credit Transfers from previous courses.

Competency Standards:

If you have been away from study for some time you will notice a change in the way courses are presented as well as in the language used to describe the outcomes expected from trainers and students. The whole emphasis has been taken away from what the teacher or trainer does. Accredited courses must now be stated in terms of what the student is expected to achieve at the end of the training.

The language of training may seem a little formal and confusing, but it should make it easier for you to build a skills profile for your chosen profession:

- a **competency** is the skill or knowledge that you can apply to your work.
- **assessment criteria** are the evidence that you must present to show that you can both do and repeat the skill.
- a **standard** is the level at which you are expected to perform the work or skill.

- **performance criteria** are the other elements that must be taken into account when judging your practical work (such as whether you are courteous to the client).

You are encouraged to keep a portfolio of all work completed which will allow you to showcase your work to employers or when applying for other courses.

Unique Student Identifier (USI)

A Unique Student Identifier (USI) is a compulsory reference number made up of numbers and letters that gives students access to their USI account. A USI will allow an individual's USI account to be linked to the National Vocational Education and Training (VET) Data Collection allowing an individual to see all their training results from all providers including all completed training units and qualifications.

The USI will make it easier for students to find and collate their VET achievements into a single authenticated transcript. It will also ensure that students' VET records are not lost.

The USI is available online and at no cost to the student. (<http://www.usi.gov.au/create-your-USI/Pages/default.aspx>). This USI will stay with the student for life and be recorded with any nationally recognised VET course that is completed.

Students need one form of identity (ID) from the list below:

- Driver's licence;
- Medicare card;
- Australian Passport;
- Visa (with Non-Australian Passport) for international students; or
- Citizenship Certificate.

College Fees and the Tuition Protection Service

Collection of Fees

KIC collects student fees in advance and therefore it will comply with the following options for initial and continuing fee collection and registration:

- KIC cannot require students to pay more than 50 per cent of their tuition fees before they start the course;
- Students, or the person responsible for paying the tuition fees, must pay but can now choose to pay more than 50% of their tuition fees before they start their course;
- A payment plan for any outstanding fees will be negotiated and is detailed on this document.

Fee Protection

The Tuition Protection Service (TPS) - <https://tps.gov.au/Home/NotLoggedIn>, is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students can either:

- Complete their studies in another course or with another education provider; or
- Receive a refund of their unspent tuition fees.

Australia has a well-established international education sector with over 1200 education providers delivering a high-quality education to international students. For many years now, Australia has been a world leader in

protecting the tuition fees of international students studying in Australia on a student visa. Recent changes to the Education Services for Overseas Students (ESOS) Act have further strengthened protections for international students through the introduction of the Tuition Protection Service (TPS).

In the unlikely event your education provider is unable to deliver a course you have paid for and does not meet their obligations to either offer you an alternative course that you accept or pay you a refund of your unspent prepaid tuition fees (this is called a provider's 'default obligations'), the TPS will assist you in finding an alternative course or to get a refund if a suitable alternative is not found.

Refund Policy

If an applicant accepts a place offered by KIC and pays the fees, it means a binding contract is created between the student and KIC.

Under current legislation, there are several circumstances where a student may be in default.

Notification of cancellation/withdrawal from Unit/s of Competency, withdrawal or deferral from a course of study must be made in writing to KIC.

In the case of cancellation/withdrawal, the cancellation fee will be calculated as shown at Table 1.

KIC offers the following information in relation to refunds of course money in the case of student and provider default:

- a) Amounts that may or may not be repaid to the student;
- b) Processes for claiming a refund;
- c) A plain English explanation of what happens in the event of a course not being delivered; and
- d) A statement that "this agreement, and the availability of complaints and appeals processes, does not remove the right of the student to take action under Australia's consumer laws".

Visa Refusal

If KIC is advised of a Visa Refusal by a student or their representative it will require the affected party to complete an Application for a Student Refund. This refund and the amount will be advised to the student using a form Acceptance of Course Refund. Once the acceptance has been received a refund of the advised amount will be made to the affected parties directed account.

KIC default

This policy applies to an intending student in relation to a program if:

- a) The program does not start on the agreed starting day; or
- b) The program ceases to be provided at any time after it starts but before it is completed; or
- c) The program is not provided in full to the student because a sanction has been imposed on the registered provider;
- d) And the student has not withdrawn before the default day.

Student Default

This policy also applies to all students or intending students in relation to a program if:

- a) The program starts on the agreed starting day, but the student does not start the program on that day (and has not previously withdrawn); or
- b) The student withdraws from the program (either before or after the agreed starting day); or
- c) The registered provider of the program refuses to provide, or continue providing, or provide progress documentation for a program to the student because of one or more of the following events:
 - i. The student failed to pay an amount he or she was liable to pay the provider, directly or indirectly, in order to undertake the program;
 - ii. Misbehaviour by the student.

KIC will make a refund within four (4) weeks of a Provider Default of receiving a written claim by the student in accordance with the Terms and Conditions as outlined on this Acceptance of Offer / Student Agreement.

All refund considerations will be strictly limited to the total of monies which KIC has received. The refund calculation will not include:

1. Enrolment fees are non-refundable;
2. If a student notifies KIC of their intention to withdraw from individual units or a program before their original start date, then they will be eligible to receive a refund minus a \$250 administration fee;
3. No refunds will be given for notification of withdrawal which occurs after the start of the program. The exception to this is noted in paragraph four (4).
4. Once training has commenced in the program e.g., Diploma of Leadership and Management, no refund is available to participants who leave before finalising the program unless the student can provide a medical certificate or show extreme personal hardship. In that case, fees may be refunded on a pro-rata basis, minus the administrative fee. However, should participants wish to resume their studies at a later date, the original fee payment can be used as credit towards that program within twelve months of initial payment. Refund requests should be made in writing.
5. Proportion of program money received for the proportion of the program provided to the student before the default date;
6. If a student notifies KIC of their intention to withdraw before the original start date and are eligible for a refund as per paragraph three (3) above, then the refund will be paid within four (4) weeks of KIC receiving your request for refund.
7. All fees and charges are payable upon invoice and will cover a period of the impending study period. Students may be precluded from sitting exams, receiving results or attending classes if tuition fees are not paid by the date specified on the invoice.
8. Any refund will be paid to the person or entity that originally paid the program fees and, where possible, in the same currency in which the fees were paid.
9. A Transfer of Provider, if requested you must give Kensington International College four weeks written notice prior to your next instalment due date or a minimum payment of one (1) month tuition fee plus an administration fee of \$250.00.
10. Fees may be subject to change without notice.

In all circumstances KIC will provide a statement and an explanation of how the refund was calculated and make fully available access to KIC Grievance/Complaints/Appeals Policy. This agreement and the availability of KIC Complaints and Appeals process does not remove the right of the student to take action under Australia's consumer protection laws.

In the event of student/agent requesting to make changes to agreed starting date by email or by telephone and any communication by KIC with the student/agent in reference to the change/deferment to agreed starting date shall be binding and in such cases for Refund purposes, the agreed starting date will be the initial course start/agreed starting date before any change/deferment is made. This policy covers full and partial refunds, refunds in the event of student default and in the case of provider default.

- KIC will withhold granting the award attained by the student, if student fees remain outstanding.
- Refer to the Student Complaints & Appeals policy and procedure on the KIC website and in the Student Handbook if you wish to appeal the Refund Policy.
- KIC will consider the following exceptional circumstances as grounds for a student's withdrawal from the program:
 - Severe life-threatening illness or disability.
 - Death of an immediate family member (i.e., Mother, Father, Brother, Sister or relative where it can be shown that severe hardship may be felt by the family if study did occur)

When acceptable documentary evidence is produced, refunds will be at the discretion of KIC.

KIC does not provide refunds for:

- Application fees, accommodation assistance fees & airport reception fees
- Withdrawal from course after the course has commenced
- Change in student's work hours
- Inconvenience of travel to class
- Moving interstate or overseas
- Job changes or retrenchment
- Students who leave before completing the course and/or qualification
- All bank charges incurred by KIC in issuing a refund will be met by the student.

In the event that the student does not commence studies on the due date, the Organisation will advise the DHA via PRISMS of details of the student who has not commenced studies within a period of 14 days.

Student Default

A student is not eligible for a refund in the event of student default. A student default when:

- The course starts on the agreed starting day, but the student does not attend the classes on that day (and has not previously withdrawn); or
- The student withdraws from the course (either before or after the agreed starting date); or
- The Organisation refuses to provide, or continue providing, the course to the student because of one or more of the following events:
 - The student failed to pay an amount he or she was liable to pay to the Organisation, directly or indirectly, in order to undertake the course; or
 - The student breached a condition of his or her student visa; or
 - Misbehaviour by the student.

Student Default Timelines

Providers are still required to notify of an outcome of discharge of obligations for a student default in two circumstances:

1. if the student default is due to visa refusal, or
2. if there is no compliant written agreement that meets the requirements of section 47B of the ESOS Act.

These reports must be done within 7 days after the end of the provider obligation period, as per the current requirements. The ESOS Act under subsection 47E (3) defines the provider obligation period as 4 weeks after the default day. As such providers have 4 weeks + 7 days to report the outcome.

Students Rights to Appeal

- a. Any student who is refused a refund by KIC may appeal within 14 days in writing to the International Student Support Manager who makes available the Complaints and Appeals Policy.
- b. The Organisations appeal process does not circumscribe the student's right to pursue other legal remedies.
- c. This agreement, and the availability of complaints and appeal processes, does not remove the right of the student to take action under Australia consumer law.

Cancellation or Non-delivery of the Course (Provider default)

- a. In the unlikely event that the College defaults, it will notify DHA and Tuition Protection Service (TPS) Director within three (3) business days of the default and will have a period of 14 days to satisfy its tuition protection obligations in relation to an affected student.
- b. The College defaults when:
 - It fails to provide the course to the student on the agreed starting date; or
 - The course ceases to be provided to the student any time after it starts but before it is completed; and
 - The student has not withdrawn before the default day.
- c. In the unlikely event that the College is unable to deliver the course in full, the student will be offered enrolment into an alternative course at no extra cost or, the student will be refunded the unspent portion of the tuition fees paid to date within two (2) weeks of the day on which the course ceased to be provided.
- d. Students have the right to choose whether they would accept a refund of tuition fees or to accept a place in an alternative course. If student chooses placement in another course, the student will sign a new written agreement with the College to indicate the student accepted the placement.

- e. In the unlikely event the College is unable to provide a refund or place student in an alternative course, the TPS will provide the student with options for suitable alternative courses (if any such courses are available) or if this is not possible, the student will be eligible for a refund as calculated by the TPS Director.

Students in this instance are advised to contact <https://tps.gov.au/StaticContent/Get/StudentInformation>.

Refund Process

All requests for a refund must be submitted on the appropriate 'Refund Application Form', to the KIC Administration Office. Refund requests must be accompanied by official documentary evidence.

If the student is unable to access the refund application form a refund request should be made in writing and emailed to; info@kic.edu.au

- Refunds will only be in Australian dollars.
- The refund will only be made in the name of the person or entity who paid the student fees unless the student gives a written direction to KIC to pay the refund to someone else.

- All bank charges incurred by KIC in issuing a refund will be met by the student.
- In the instance of Provider or Student default, the reporting timelines stated in the Policy will be adhered to.

Client Services

Pre-Departure Check List

1. **Passport and Visa** – Check that your passport is valid for at least 6 months prior to your entry arrival in Australia, and that you have all your visa documentation. It is also a good idea to make copies of your passport in case you lose your passport.
2. **Student enrolment and orientation documents** – You will need your electronic Confirmation of Enrolment (eCoE) and student information pack, which you will have received from your institution.
3. **Overseas Student Health Cover (OSHC)** – This is a requirement for entry to Australia, so make sure you have your health cover policy arranged before you leave home.
4. **Travel Insurance** – You should also consider travel insurance, which covers things your OSHC may not – such as cancelled flights, lost documents, dental or optical care, etc.
5. **Airfares** – Make sure you are aware of the date and time of your flight. Keep your flight details in a safe and secure place, with your passport and visa.
6. **Contact details** – You may want to have a list of emergency contact details for family, as well as your embassy, accommodation and institution details. If you have used an education agent, keep their contact details on you, in case you need to contact them once you arrive in Australia.

8. **Transport from the airport** – Whether you are taking public transport, a taxi, or you are being picked up from the airport by your education provider, it is important that you have all the details including the time, the route and, if your travel has been arranged by your institution, their contact details. If you need a map to assist you in getting to your accommodation from the airport, they will be available at the airport, or you can print one prior to leaving.

9. **Accommodation details** – Make sure you have the address of where you will be staying as well as their phone number and payment confirmation (if you have already paid for your accommodation).

Student Protection through Legislation

KIC follows all relevant Commonwealth and State laws and regulations. All of these documents and more can be sourced at (<http://www.austlii.edu.au/databases.html>). These acts form complex laws and legislations that all businesses must follow. KIC ensures its policy and procedures are in line with these regulations and provide the following summary of each for student's information. Students are encouraged to seek further information on each piece of legislation by accessing the Acts online or by speaking with a student services officer.

Commonwealth of Australia Acts

Copyright Act 1968

The copyright act is designed to protect the ownership and usage of books, websites, logos, songs photos and many other forms of creative media. When using resources in the learning environment KIC ensures it complies with the act by ensuring all resource owners are noted and the all copies/distribution of copyrighted materials does not exceed regulated usage.

All students should ensure that any materials used when undertaking assessments should respect these laws and all quotes referenced appropriately.

Disability Services Act 1986

In Australia laws are in place to allow people with disabilities a fair chance to work or learn in a field of choice. These laws forbid businesses from discriminating against people with disabilities. This is well supported by many services in place to help organisations adapt their workplace to ensure all people can gain access to work or education if they desire it.

Students with disabilities are given equal access to training through KIC and KIC does not discriminate its employee based on Disability.

Critical Incidents

Policy

This Policy relates to critical incidents directly involving staff and/or students on any campus which impact not only on the individual but also on other member of the College community. Where a Critical Incident is defined as a traumatic event where: physical safety or life is threatened such as rape, personal assault, an armed robbery, hostage situation, act of violence, accident, natural disaster or suicide.

- 1.1 Being witness to, or being involved in, a critical incident such as a robbery, act of violence, accident or suicide can affect people. Early appropriate professional intervention following an incident can assist in minimising psychological, physical, educational and social effects and the related human and financial costs to organisations such as Work-cover.
- 1.2 The College has a responsibility to abide by relevant Acts of Parliament such as Work Health and Safety Act 2011, Mental Health Acts, Disability Services Acts, Freedom of Information Act (Commonwealth) 2016.
- 1.3 The College has a responsibility to staff and students in terms of their physical safety and emotional well-being, so the optimal learning and employment outcomes can be achieved.
- 1.4 Co-ordinated, systemic institutional procedures enable rapid, appropriate and comprehensive responses to a critical incident.

Therefore, it is the Policy of this College to ensure optimal educational and employment outcomes for all students, through effective Comprehensive Critical Incident Management, which:

- 2.1 Enables the College community to deal with all stages of critical incidents promptly and professionally in order to prevent the development of post-traumatic stress syndrome or harm to the learning environment.
- 2.2 Supports pro-active strategies which will help minimise the occurrence of some critical incidents.
- 2.3 Encourages the early identification of potentially critical incidents within the College.
- 2.4 Ensures critical incidents in the workplace are managed in line with established Quality Management and Work Health and Safety objectives and Emergency or Disaster procedures.
- 2.5 Provides clearly accessible and understood directions for all personnel caught up in a critical incident.
- 2.6 Assists people to cope with critical incidents by providing appropriate practical and psychological support.
- 2.7 Provides appropriate assistance to people who may require longer term assistance.
- 2.8 Ensures ongoing training, support and review for staff

Procedure

The PEO is responsible for the implementation of this procedure and to ensure that staff and students are aware of its application and that staff implement its requirements.

Critical incidents are not limited to, but could include:

- absent students;
- severe verbal or psychological aggression;
- death, serious injury or any threat of these;
- natural disaster; and
- issues such as domestic violence, sexual assault, drug or alcohol abuse.

KIC will notify relevant authorities as soon as practical after the incident.

Any KIC staff member receiving news or information regarding a critical incident must contact the PEO as soon as practicable. If this is not possible then the most senior person available must be contacted and informed.

On receipt of news or information regarding a critical incident the PEO or senior person must:

- Create for themselves a clear understanding of the known facts;
- If an emergency exists, contact the relevant emergency services by phoning 000;
- If translators are required contact Translating and Interpreting Service by phoning 131 450;
- If counselling services are required contact Lifeline on 131 114;
- Plan an immediate response;
- Plan ongoing strategies; and
- Allocate individual roles/responsibilities for ongoing tasks.

Based on an evaluation of the critical incident the PEO or most senior person must, where appropriate, make and implement the following actions:

- Contact with next of kin/significant others;
- Informing KIC staff and students;
- Prepare a guideline to staff about what information to give students;
- Prepare a written bulletin to staff and students if the matter is complex; and
- Briefing staff and delegating a staff member to deal with telephone/counter inquiries.

Managing media/publicity;

- Identify students and staff members most closely involved with the incident and ensure they are offered support and counselling;
- Arrange a time and place for an initial group/individual debriefing session with Counsellor/s; and
- Arrange access to emergency funds if necessary.
- Record the incident on the student file and include the following key details:
 - The time of the incident;
 - The location and nature of the incident;
 - The names and roles of persons directly involved in the critical incident;
 - The action taken by KIC including any opportunities for improvement; and
 - The organisations and people contacted by KIC

Students who request or are referred to welfare related support services to assist with issues that may arise during their study, including course progress and attendance requirements and accommodation issues will not be charged for the service. If KIC refers a student to external support services for any reason, KIC will not charge for the referral, but the student will be responsible for all external fees and charges.

Access and Equity

In accordance with current legislation, the College prohibits discrimination and harassment towards any group or individuals in any form, inclusive of

- Gender
- Pregnancy
- Race, colour, nationality, ethnic or ethno-religious background
- Marital status
- Physical or intellectual or psychiatric disability, or any organism capable of causing disease
- Sexual Preference (male or female, actual or presumed)
- Age (in relation to compulsory retirement)

Student and staff placements, grievance considerations, College policies, procedures and practices, physical facilities, training practices are all conducted with sole regards to considerations of appropriate selection criteria, qualifications, experience, timetabling restrictions, student needs, and physical accessibility.

What is Equity?

Equity is about ensuring that all people have the supports that they need to access, participate and achieve to the same level. Equity is not the same as Equal Opportunity which is about making sure that people are not discriminated against and treated unfairly based on difference. Equal opportunity focuses on everyone having an equal start whilst equity focuses on participation and achievement to an equal level.

What are Equity Groups?

In the past certain groups of people were actively not included in education and training programs. Sometimes it was a deliberate exclusion whilst others were based on misunderstanding or lack of forethought. Historically these groups became known as equity groups in order to highlight their situations and address the disadvantage they clearly experienced and continue to experience today. Some groups of people are still underrepresented in vocational programs and employment.

These groups include:

- Women;
- Aboriginal people;
- People from culturally and linguistically diverse backgrounds;
- People with disabilities;
- People living in rural and remote areas;
- People without adequate literacy and numeracy skills;
- Offenders (including young offenders) and prisoners; and/or
- People of low socio-economic status

AND

- Unemployed people aged over 45 years

However, it needs to be remembered that none of these groups is homogenous and there will be members of these groups who do not experience any disadvantage while others will experience multiple levels of disadvantage.

What is Diversity?

Diversity is the recognising and valuing of individual differences. If we don't offer all people, the opportunity to develop and use their skills and abilities then we are denying the community access to much needed resources.

What is Access and Equity?

Access and Equity is about removing barriers and opening opportunities. In relation to training it means ensuring that people with different needs and abilities have the same opportunities to successfully gain skills, knowledge and experience through education and training irrespective of their age, disability, colour, race, gender, religion, sexuality, family responsibilities, or location etc. It requires KIC to identify and address the training needs of all students.

Legal Responsibilities

All VET trainers have a legal responsibility to ensure that discrimination does not occur. Legislation which provides protection against discrimination includes:

Commonwealth Legislation:

- Racial Discrimination Act 1975;
- Sex Discrimination Act 1984;
- Human Rights and Equal Opportunity Commission Act 1986;
- Disability Discrimination Act 1992; and
- Racial Hatred Amendment 1995.

The Disability Discrimination Act (DDA) 1992

http://www.austlii.edu.au/au/legis/cth/consol_act/daaa1992346/

The Disability Discrimination Act aims to eliminate, as far as possible discrimination on the grounds of a disability in areas of education, access to public premises, and employment. The definition of a disability under the Disability Discrimination Act is broad and inclusive of physical, intellectual, psychiatric, sensory, learning, neurological, physical disfigurements and the presence in the body of disease-causing organisms.

All staff members have a responsibility to ensure that students do not experience any form of discrimination.

Under the DDA, training providers are obliged to:

- Ensure learners with disabilities are not unlawfully discriminated against when seeking to enrol in a course of study;
- Negotiate and implement any adjustments necessary to enable learners with disabilities to participate in a course to the same extent as other learners; and
- Ensure assessment procedures and methods are adapted to enable learners with disabilities to demonstrate the knowledge, skills or competencies being assessed.

Reasonable Adjustment

Under the DDA it is expected that training organisations will sometimes need to adjust ensure equal opportunity for students with disabilities. The nature of reasonable adjustments is such that they are designed to minimise the disadvantage experienced by learners with a disability, rather than provide learners with a competitive advantage. This can include administrative, physical or procedural modifications.

Adjustments or changes will be made to any “standard” learning or assessment process to accommodate the unique learning needs of any individual as far as possible within the constraints of the training package. Trainer/assessors will seek to be aware of language and literacy issues and recognise that we are looking for methods to determine the skills and knowledge that the student has relating to the unit of competency and not looking to assess their English language or physical abilities unless it is directly related to the unit of competency.

Unjustifiable hardship

The DDA does not require training organisations to admit a student when the services and supports needed by that student would cause unjustifiable hardship to the organisation. Whether or not a learner with a disability poses unjustifiable hardship for a Registered Training Organisation will depend on the circumstances of the case. It will be decided on a case-by-case basis keeping in mind the intent of the DDA. No single factor alone is likely to constitute unjustifiable hardship. All relevant factors must be weighed up to see if, in all the circumstances, there is unjustifiable hardship.

Disclosure

Some disabilities are not visible or obvious and may be referred to as hidden disabilities. These may include mental illnesses and psychiatric disabilities. It is the right of a person with a disability to decide who and when to talk about their disability. Diagnosis and treatment should be left to the appropriate personnel but is good to investigate and understand the facts about psychiatric disability and not to make prejudgments or assumptions. All people pass through a selection process to gain entry to a course. Selection criteria should only relate to the core components of the course. The DDA is not intended to provide students with a disability with an advantage for entering training. It is to eliminate disadvantage and discrimination. Generally, ability to be employed in the area of the course of study should not be a requirement of selection.

Role of the RTO

It is important to remember the following points:

- Do not make assumptions;
- Treat every person on an individual basis;
- Do not assume that all people from an equity group require identical support as many people are skilled at adapting their environment to accommodate their needs (often the solutions to their needs are simple and inexpensive);
- Consult individuals about their needs before requesting or implementing adjustments; and
- Only ask for the information that you really need. For example: what adjustments the person requires or how the disability might impact on their study.

Learner Rights

Any learner who feels that they have been discriminated against can lodge a complaint with the Human Rights and Equal Opportunity Commission (HREOC). Complaints can be taken to the Federal court if settlement is not achieved. HREOC can provide advice about the procedure for doing this. Any person in a Registered Training Organisation and anybody or establishment responsible for the control of the training organisation could have a complaint brought against them under the DDA (e.g., front counter staff, individual lecturers, Program Managers, Managing Director, members of College Governing Councils).

Settlement may include:

- An apology;
 - An agreement to enrol a learner with a disability;
 - An assurance that learners with disabilities will not be treated;
 - In a certain unfavourable way in the future;
- OR
- Compensation.

Should a complaint proceed to the Federal Court, the training provider would need to show why reasonable adjustments to accommodate the needs of the person with a disability impose an unjustifiable hardship.

What is an equitable RTO?

An equitable RTO will...

Create a positive image by:

- Promoting successful outcomes to staff to avoid stereotyping and challenge limits,
 - Challenging media images and misconceptions with case studies of achievement,
 - Ensuring organisational policies proactively eliminate discrimination,
 - Ensuring all courses are marketed to community organisations and advocacy groups within the area
- AND
- Making course information available in a variety of formats e.g., Internet (using accessible websites), print and audio copies, and large print.

Create a learning environment that recognises students' needs by methods such as:

- Evaluating suitability of learning materials and assessment processes for all clients. For example, use of audio tapes to support written text; use of captioned videos; availability of recognising text for perusal of course materials
- Ensuring support and counselling is available and easy to find
- Offering a wide range of course options
- Assisting students to identify and arrange additional services such as interpreters and trained note-takers
- Consult with the relevant stakeholder organisation
- Evaluating customer service procedures and training of support staff to ensure their responsiveness AND
- Ensuring qualified tutorial support is available and factored into the course costing for all learners

Work Health and Safety

The safety of staff and students and other clients is of primary importance to the KIC. The College observes all Work Health and Safety legislation and copies of the relevant Act are available to staff and clients. Trainers incorporate WHS considerations when planning and delivering training, and students will be advised of the WHS requirements of their programs and supervised accordingly.

Catering to Diverse Student Learning Needs

KIC aims to identify and respond to the learning needs of all students. It is College policy that all trainers are to identify, at the start of training, the learning and assessment needs of their students. This may be accomplished informally through class discussion. Trainers will ask questions that uncover the general English level of the students, understanding of subject concepts and technical skills, previous experience and considerations regarding possible assessment formats. The trainers when formulating their lesson will use this information and assessment plans.

Students should express their views about their learning needs at all stages of their learning experience. KIC helps students to identify their learning needs through the orientation procedure, Student Feedback Forms, Suggestion Box, lecturer discussion and an open invitation to approach staff with suggestions at any stage. Again, these strategies provide staff with the required student-based information for use in designing client training, facilities and services and assessment strategies

Communication (LLN) Support

All courses incorporate competency units, which focus on communication skills. In addition, language, literacy and numeracy support is accessible to all College students and can be organised on a case-by-case basis during student orientation day. The principal will organise required communication support.

Student Welfare & Guidance

KIC will assist students to adjust to study and life in Australia, including through the provision of an age and culturally appropriate orientation programme that includes information about:

- a) Student support services available to students in the transition to life and study in a new environment;
- b) Legal services;
- c) Emergency and health services;

- d) Facilities and resources;
- e) Complaints and appeals processes, and
- f) Any student visa condition relating to course progress and/or attendance as appropriate.

KIC will provide the opportunity for students to participate in services or provide access to services designed to assist students in meeting course requirements and maintaining their attendance.

KIC will provide the opportunity for students to access welfare-related support services to assist with issues that may arise during their study, including course progress and attendance requirements and accommodation issues. These services will be provided at no additional cost to the student. If the College refers the student to external support services, the College will not charge for the referral.

KIC has a documented critical incident policy together with procedures that cover the action to be taken in the event of a critical incident, required follow-up to the incident, and records of the incident and action taken.

KIC has designated members of staff or members of staff to be the official point of contact for students. The student contact officer in the first instance is College Reception who will immediately refer the individual to the principal or the most senior Staff/Administrative Member, on site at the time, and they will have access to up-to-date details of the College's support services.

KIC has enough student support personnel to meet the needs of the students enrolled with the College.

KIC ensures that its staff members who interact directly with students are aware of their and student's rights and obligations under the ESOS framework and the potential implications for students arising from the exercise of these obligations.

All delivery, assessment and instruction are carried out in English. The type of English used is Academic and Business English with a high component of Technical English and subject specific jargon. English Proficiency is required to be certified for international applicants: IELTS 5.5 or equivalent. Students with below the required English language level cannot be enrolled in a Vocational Education Skills course. It is possible that they can be enrolled in specific English language programs.

Process

Certificate II and III programs will require participants to meet the following requirements:

- Must be 18 years of age or over; and
- GTE and SOP or Pre-Enrolment Questionnaire plus an interview as described on the Application form.

Certificate IV and Diploma programs will require participants to meet the following requirements:

- Must be 18 years of age or over; and
- The suitable English provider will issue an CoE for the student and KIC will cancel the existing CoE and issue a new CoE with a new start and end date.
- During delivery and assessment at KIC, trainers will assist students with English whenever possible especially with jargon and technical terms.

All students will be required to complete an Internal English (LLN) Test to validate their current levels at orientation. Inaccurate or different than presented or certified outcomes will require referral to a suitable organisation for additional English language determination and/or tuition at the student's expense.

Student Academic and/or Work Experience Levels

It is an entry requirement that all registering students must have completed a minimum of Year 10 or has enough work experience to enable them to handle technical English.

Student Age & Academic Entry Requirement

Students must be 18 years or older to enroll in the KIC courses and have completed the equivalent of the Australian HSC or a higher qualification.

International Students

KIC is bound by the Education Services for Overseas Students (ESOS) Act (latest version 2000) and the National Code (2017) when dealing with international students. International students are also expected to abide by all current legislative requirements.

http://www.austlii.edu.au/au/legis/cth/consol_act/esfosa2000442/ and <https://internationaleducation.gov.au/Pages/default.aspx>

Financial Capacity Requirements

You need to have enough money that is genuinely available to you, to pay for your course fees, and travel and living costs for you and your accompanying family members while you are in Australia.

You might need to provide evidence of your financial capacity with your visa application. Check the Document Checklist Tool (disclaimer) to find out the evidence you need to provide. - <https://www.homeaffairs.gov.au/>

If the Document Checklist Tool lists evidence of financial capacity as a requirement, it must be included at the time of lodgement or your visa application could be refused without requests for further information.

If you do not need to provide this evidence with your application, we have discretion to ask you for this during the application process.

If you need to provide evidence of financial capacity, you will be able to demonstrate this by providing one of the following:

- **Evidence** of funds to cover travel to Australia and 12 months' living, course and (for school aged dependants) schooling costs for the student and accompanying family members
- **Evidence** that you meet the annual income requirement

Student Visa Conditions

- You must abide by your visa conditions or your visa could be cancelled. Different visa conditions apply to you and your family members.
- You can check your visa conditions in Visa Entitlement Verification Online (VEVO) - [https://www.border.gov.au/Busi/visas-and-migration/visa-entitlement-verification-online-\(vevo\)](https://www.border.gov.au/Busi/visas-and-migration/visa-entitlement-verification-online-(vevo))
- You must comply with the state and territory laws of Australia.

Student Visa Grant Period

A student visa is usually granted for up to five (5) years, but it could be longer under some circumstances.

We might consider granting a student visa for longer than five years where:

- A student is studying a medical or architectural degree that could take up to six years to complete; or
- There is reasonable course progression, for example where each course is a pre-requisite or foundation for the next course in the package.

Overseas Student Health Cover (OSHC)

You can select an approved OSHC provider and pay for the policy yourself. KIC will refer you to a list below for the providers only, as you need to complete this task as an individual.

If your education provider arranges your OSHC coverage, you will need to know the name of your health insurance provider, the date that your policy starts and finishes and should be aware of the terms and conditions of your policy. If you arrange OSHC coverage yourself, you will also need to know the policy number to include in the visa application.

You do not need OSHC if you are:

- a Norwegian student covered by the Norwegian National Insurance Scheme
- Swedish student covered by Kammarkollegiet
- a Belgian student covered under the Reciprocal Health Care Agreement with Australia.

Course Packaging

Students can apply to undertake two or more courses on their student (subclass 500) visa where there is clear progression from one course to another. This is known as course packaging.

The final course that you will undertake as part of your package of courses is your main (or principal) course of study. Your main course of study will be used to determine your financial and English language evidentiary requirements.

To be granted a visa for the full duration of the packaged courses, you must provide confirmation that you are enrolled in all the courses.

If your visa application includes a package of courses, you can only have less than two calendar months elapse between courses. The only exception to this is when the first course finishes at the end of the standard academic year and the next course commences at the beginning of the standard academic year.

For example, the academic year generally ends in November and starts again in February the following year, three to four months is an acceptable gap between courses.

A student visa for the full package will only be granted if the duration of the package does not exceed the maximum visa grant period.

If you already hold a student visa and change courses (within the same sector), this could affect your course start and end dates.

You must abide by the conditions of your visa, including remaining enrolled in a registered course. If there is a gap of more than two months between your courses (except where a standard academic year ends and begins) your visa could be considered for cancellation. We will take into consideration each situation on a case-by-case basis. These factors include whether a student has no other option but to enrol in a course which leads to a longer course gap, whether the student has a good academic record, and whether it is reasonable to expect the student to enrol in another course during the course gap.

If you have enrolled in a new course but you have an extended course gap that could lead to your visa being cancelled, you could choose to enrol in a short course to fill the gap. The course can be in any sector, for example, ELICOS or vocational education and training, or higher education.

Changing Courses

If a student holds a visa and they desire to change their course of study, they must ensure that they continue to meet all the conditions that apply to their student visa.

If they have not completed six (6) months of their principal course (the main course of study they are undertaking) and they want to change their education provider, the ESOS National Code Standard 7 explains the circumstances in which this will be possible. Unless special circumstances apply, a student needs to have permission from their existing education provider to transfer to another education provider.

If they want to transfer, KIC must assess or consider the request to transfer. Students must make sure they understand the KIC transfer policy, and what their written agreement says they must do, before they attempt to enrol with a new education provider.

If KIC does not give them permission to transfer to another education provider and students are not satisfied with the outcome, they should first use their education provider's internal appeal process. If they are still not satisfied, they can appeal the education provider's decision at an external complaint handling body such as the Territory Ombudsman.

<http://www.ombudsman.gov.au/making-a-complaint/overseas-students>

If a student has changed courses or education provider KIC will be notified electronically by their new education provider. They do not need to send their CoE to DHA.

KIC will not allow a registered student to transfer from KIC within the first six (6) months of their course until KIC has assessed the student's request to transfer within this restricted period.

KIC will grant the student's request where:

- a. The transfer will not be to the detriment of the student;
- b. The student has provided a letter from another registered provider confirming that a valid enrolment offer has been made;
- c. The student can register into the other course at an appropriate point in the course; and
- d. The student's current academic progress indicates that the student can manage the new course.

Note that:

1. Students should allow a minimum of five (5) working days to assess the student transfer request;
2. If approved the Letter of Release, if granted, will be issued within the five (5) day working period at no cost to the student and will advise the student of the need to contact DHA to seek advice on whether a new student visa is required;
3. If a transfer is granted KIC will calculate any refunds according to the Course Cancellation and Refund Policy and Procedure which states, "Refunds will be paid no later than four (4) weeks after the application for refund is made." and provide the student with a written statement; and

4. Students may use KIC Complaints and Appeals process or involve an independent 3rd party at any time.

Where KIC does not grant a letter of release, the student will be provided with written reasons for refusing the request and will be informed of his or her right to appeal using KIC's Complaints and appeals process.

Students holding a student visa (subclass 500)

If you already have a student visa and want to change your main course of study to a lower Australian Qualification Framework (AQF) level course or a non-AQF level course, you will generally need a new student visa. This requirement applies even if the course you change to is with the same education provider.

If you are studying a non-AQF course and want to transfer to an AQF course, you would not need to apply for a new student visa.

Please refer to the Department of Home Affairs for further information - <https://www.homeaffairs.gov.au/>

Work Conditions for Student Visa Holders

If you are a student visa holder, you and your dependent family members have permission to work included with your visa. You and your family members must not breach the work conditions that apply to their student visa. Students and their families must not breach the work conditions that apply to their student visa.

You cannot work until you have commenced your course in Australia. Once your course has commenced you are permitted to work a maximum of 40 hours per fortnight when your course is in session, and unlimited hours when your course is not in session.

Work that is a formal registered part of your course is not included in the limit of 40 hours per fortnight.

Voluntary, unpaid work, is not included in the limit of 40 hours per fortnight if it:

- Is of benefit to the community
- Is for a non-profit organisation
- Is genuinely voluntary (that is, you are not paid either in cash or other—board and lodging is acceptable).

If the voluntary work could have been undertaken by an Australian resident who would have received a wage, then this is included in the 40 hours.

If you are a postgraduate research student:

- You can work a maximum of 40 hours per fortnight during any preliminary courses you undertake; and
- If you have commenced your masters by research or doctoral degree in Australia, there is no limit on the number of hours you may work.

Family Members Granted Permission to Work

Family Members

- **Must** not start work until the primary visa holder has commenced their course in Australia; **and**
- **Can** work up to 40 hours per fortnight at all times unless the primary visa holder has commenced a course towards a masters or doctoral degree and holds a student visa (subclass 500). In this case there is no limit on the number of hours a family member might work.

Fortnights

A fortnight is a period of 14 days commencing on any Monday and ending on the second following Sunday.

An example of how 40 hours a fortnight is calculated: After their course has commenced, a student visa holder works the following numbers of hours over a four (4) week period:

- Week one (1) - 15 hours work
- Week two (2) - 25 hours work
- Week three (3) - 25 hours work
- Week four (4) - 10 hours work.

In the fortnight comprising weeks one (1) and two (2) above (40 hours worked in that 14-day period) or in the fortnight comprising weeks three (3) and four (4) above (35 hours worked in that 14-day period), the work condition is not breached. However, the student visa holder has breached their work condition in the fortnight comprising weeks two and three above (50 hours worked in that 14-day period). Students found to have breached their work conditions might be subject to cancellation of their visa.

Course in session

DHA considers your course to be 'in session':

- For the duration of the advertised semesters, including examination periods;
- When you are undertaking another course, during a break from your main course and points from that course will be credited to your main course.

Additional Information About Student Visa Work Conditions

You can view your visa online using Visa Entitlement Verification Online (VEVO). VEVO is a free internet service available 24 hours a day, seven days a week. It allows you, and your employer or education provider, to view your visa details online. - [https://www.border.gov.au/Busi/visas-and-migration/visa-entitlement-verification-online-\(vevo\)](https://www.border.gov.au/Busi/visas-and-migration/visa-entitlement-verification-online-(vevo))

Tax File Number

You must obtain a Tax File Number to be able to work in Australia. This is available from the Australian Tax Office. - <https://www.ato.gov.au/Individuals/Tax-file-number/Apply-for-a-TFN/>

Attendance and Academic Progress Requirements

Students who are in Australia on student visa are required to:

- Attend KIC for 20 hours of supervised tuition per week; and
- Maintain a satisfactory academic record at all times i.e., such that at their current rate of academic progress (in excess of 50% success) they will be able to complete their course by their due completion date.

All students are required to abide by all legislation and KIC terms and conditions.

Illness or other excused absences must be supported by documentary proof. These should be submitted as soon as possible after the absence and be available to submit to DHA.

All international students need to be reminded that DHA will want to see evidence of average course attendance (class roles) - including start and finish dates as well as academic performance (i.e., academic transcripts) in excess of 50% success for visa maintenance and extensions. In addition to that students must notify the College of the change of contact details as soon as they occur and make sure that they have valid visa at all the time. As part of the supervision of overseas students on student visas KIC must notify DHA about student failure to maintain satisfactory academic progress via the Provider Registration and International Students Management System (PRISMS). <https://prisms.education.gov.au>

Marking Attendance Rolls

Attendance rolls will be marked for every delivery and assessment session. Please refer to the Attendance Monitoring Policy for further information which can be found at: <https://www.kic.edu.au/>

Procedure

1. Attendance is to be recorded for every session for every student;
2. Trainers are to call out student names/numbers and record attendance under the appropriate day/dates;
3. Students are never to handle or mark attendance rolls;
4. Rolls must never be removed from college premises. For excursions use blank rolls and transfer attendance data;
5. Trainers are to sign the attendance sheets at the end of the day.
6. Sick is never to be recorded or determined by a trainer as this will be recorded by the student service officer (SSO) into the student management system.

Calculation of Attendance

Attendance is calculated at the end of each week. Attendance will be inputted by the SSO into the SMS. The SSO will assess each student's overall attendance and issue any warnings as per the procedure.

Overall attendance is expressed as a percentage and is calculated as follows:

- Overall attendance is calculated as shown below:

$$\frac{A-B}{A} \times 100 = \text{Overall Attendance\%}$$

Where:

- A is the total number of scheduled course contact hours
- B is the total number of course contact hours that the student has been absent
-

Confirmation of Enrolment

KIC will only create a CoE for overseas students on a student visa and who are studying their primary course at KIC.

Students with College Age Dependents

Students with school age dependants are reminded that all school age children must attend a government approved school for the duration that they are in Australia. Full school fees will be charged, and the student should make provision for these costs in their financial budgets.

http://www.immi.gov.au/students/students/bringing_family/

Leave Entitlements

It is recommended that all students attend 100% of class time as this tuition is vital for satisfactory academic results. Therefore, all student leave is to be restricted to the official College breaks. In cases of exceptional compassionate circumstances beyond the students control e.g., bereavement and sickness provision may be made for leave entitlements.

In cases of bereavement e.g., death in the immediate family, students must provide KIC with documentation covering the reason for bereavement leave and evidence of return air fares etc.

Sickness must be evidenced by a doctor's certificate from a registered practitioner i.e., with a medical provider number on the certificate. All other certificates are not acceptable. KIC must sight original medical certificates before approving medical leave.

Punctuality

Students should be at the College 15 minutes prior to the start of any session and are to return on time to lectures after lecture breaks. Students not in class when the attendance roll is called will receive partial absences.

Preparation

Students are responsible for their academic progress and should come to class prepared to study. Please bring stationary with you and any texts and references that are required.

Training Delivery

Competency Based Training

All training at KIC is based on the principles of Competency Based Training. Delivery and assessment will involve students in accomplishing the tasks required to demonstrate competency in any unit and students will be provided with every opportunity to demonstrate that they can carry out required tasks.

Competency based training and completion is an approach to vocational education and training that places emphasis on what a person can do in the workplace as a result of completing a program of training.

Competency based training programs are comprised of competency standards set by industry that each student is assessed against to ensure all the outcomes required have been achieved.

Progression through a competency-based training program is determined by the student demonstrating that they have met the competency standards through the training program and related work, not by time spent in training. This way, students may be able to complete a program of learning much faster.

Registered training organisations (RTOs) have the prime responsibility for assessment of competency, consistent with the provisions of the Standards for Registered Training Organisations (RTO) 2017. However meaningful and on-going consultation is required with the employer and the apprentice around the development, delivery and monitoring of a training plan and the attaining of competencies within the relevant qualification.

Training Package Requirements

All KIC courses, delivery and assessment comply with the requirements of the nationally endorsed Training Packages. Students may have access to these packages or course outlines and familiarize themselves with all competency unit criteria. <http://training.gov.au/Home/Tga>

Professional Staff Recruitment

All the College staff is employed based on having the requisite skills, knowledge, experience and attitude for the position. KIC follows employment legislation and promotes Equal Employment Opportunity (EEO) principles in its recruitment practices.

Guest Trainers

At KIC, we recognise the necessity to maintain industry involvement and for our teaching to be reflective of industry practice and needs. Therefore, lectures may incorporate guest trainers from industry or professional association whenever possible.

Flexible Delivery

KIC practices the principles of flexible delivery. Programs are designed to maximize the opportunity for access and participation by all students. It is College policy that trainers must adopt a modified lecture approach i.e., a maximum of 50% of tuition time may be lecturer lead explanation and discussion, with the remaining 50% focusing on student lead activities.

At all times learning at KIC will be:

- Student focused;
- Current in terms of the information and case studies used;
- Based on dialogue, using current business English;
- Applied – not theoretical only; and
- Practical involving students in hands-on activities.

At the start of each delivery UOC trainers will identify the delivery needs of the students and adopt a variety of delivery strategies designed to meet these needs.

Delivery alternatives may include presentations, role play, case studies, demonstrations, excursions, guest lectures, group work, calculations, exercises, journals, projects, observations, computer assisted learning, tutorial style and individualized learning, library use, magazines and newspapers, video and audio-visual

The College is an English Emersion learning environment and class discussions are to be conducted in English only.

Excursions

KIC encourages relevant activities beyond the classroom. Suggestions for furthering links with outside organisations and sites are always welcome. Students at KIC may also be required to attend excursions as part of certain units.

Excursions will be documented on the Excursion Form and written into lesson plans. Trainers will be required to account for the academic purpose of the activity by relating the activity to the competency units in the lesson plan.

Training Outcomes

All delivery and assessment are geared towards one outcome only - that is the awarding of a nationally recognised qualification or statement of attainment. Therefore, delivery and assessment will be conducted according to the competency unit criteria as stipulated in the respective training package.

Assessment

Process

Each qualification offered by KIC includes a required package of Units of Competency (subjects) which can be reviewed on the website www.kic.edu.au. Each Unit of Competency (UOC) includes multiple assessment methods. These methods include:

- Written Assignments; and/or
- Projects; and/or
- Role Play; and/or
- Demonstration/Presentation including Observation; and/or
- Question and Answer.

Each individual course assessment method explanation can be requested by contacting info@kic.edu.au and the explanation will also be supplied at your orientation. A delivery strategy adopted by KIC is that each UOC, including assessment methods, will be presented at the commencement of training delivery and student will be required to acknowledge this presentation.

AI determination

AI Determination for Assessments

Kensington International College will be from implementing a process for assessments issued from students with related answers using AI technology.

Assessments issued on our Moodle system determine the amount of AI-issued work and as the same as Turnitin will give a percentage to the assessor of how much information is based on AI technology and how much is based on copied material for Turnitin %.

Your Assessor has the 'right' to send the assessment back to the student and request a % of not greater than 20% or asks the student to rewrite in their own words the information that has been determined as AI-generated.

The Assessment and AI policy guides the use, procurement, development, and management of artificial intelligence (AI) at KIC for the purposes of teaching, learning, and operations. AI can only be used by students for assessments for *research, linkage to areas of examples for assessments, and design of*

information for answers to assessments. **Students** will then be required to use the research information and paraphrase the answer in their own words prior to submission of the assessment.

Students who do not paraphrase will be asked by the assessor to complete the task. (Assessors – are asked to note the comments in Moodle for the student in respect of the return of the assessment.

Assessments MUST meet the 20% allowance of copied material or AI material under this policy.

KIC acknowledges that:

- there are legitimate concerns about the use and reliability of AI and will seek to identify the balance between opportunities for improvement and automation while managing and mitigating risks to the RTO and community at all times.
- the use of AI will be increasingly regulated and, as such this policy and any associated procedure must be maintained to ensure compliance with current and emerging regulatory standards and government advice
- there are legitimate concerns about the use and reliability of AI and will seek to identify the balance between opportunities for improvement and automation while managing and mitigating risks to the RTO and its community at all times
- algorithmic bias may result in erroneous or unjustified differential treatment which could have unintended or serious consequences for groups of individuals and/or for their human rights
- the use of AI will be increasingly regulated and, as such, this policy and any associated procedure must be maintained to ensure compliance with current and emerging regulatory standards and government advice.
- the use of AI systems must comply with the Privacy policy, and the policies relating to the RTO as appropriate.

NOTE full copy of the Assessment and AI Determination Policy is attached as well as a copy of which is now on the KIC/CDT website

Attendance and Course Progress

General Requirements

The National Code of Practice for Providers of Education and Training to Overseas Students 2018 ([National Code 2018](#)) requires Kensington International College to monitor international students' compliance with their visa conditions relating to course attendance, progress and completion according to the Vocational Education and Training sector. It continues to require that the expected duration of study specified on an international students' CoE must not exceed the [CRICOS](#) registered duration. Assessors have a 14 day turnaround to mark you work and issue back to you via Moodle.

Monitoring Course Progress and Attendance

KIC has a process for determining the point at which an international student has failed to meet satisfactory course attendance or course progress.

[National Code Part C](#) states where a course duration is not set the designated authority, it is determined that a course duration is based on a minimum of 20 scheduled course contact hours a week.

The minimum requirement for attendance is 80% of the scheduled contact hours for the course, or higher if required under state or territory legislation.

To maintain satisfactory course progress for the course duration, a student is expected to maintain satisfactory attendance, as well as participate in classroom learning activities. Students are also required to successfully complete all their assessment tasks. This represents satisfactory course progress.

Reporting unsatisfactory course progress or course attendance

[National Code Standard 8](#), requires that KIC must continue to report international students who do not meet course progress and ensure that the international student is notified of the impending report and have the right of appeal.

The Standard continues to state that KIC must only report a breach of course progress if the internal and external complaints processes have been completed and the breach has been upheld; or the international student has chosen not to access the internal or external appeals process; or the international student withdraws from the internal or external appeals process.

Re-Submission of Assessment

Students who are deemed NOT-satisfactory on attempt (1) one of the assessment Task/s will be required to resubmit with the required assessor comments and re-issue their assessment Task within the requested time frame assigned by the trainer.

If the student is again deemed Not-satisfactory the trainer will advise the PEO of the students lack of completion of the assessment task and the student will be allowed to re-submit the second time at a cost of \$50 per task of the assessment. An intervention strategy (study plan) will be organised by the trainer for the student.

If the student is again deemed Not-satisfactory the trainer will advise the PEO of the students lack of completion of the assessment task and the student will be allowed to re-submit the third time at a cost of \$50 per task of the assessment. Comments will be added to the study plan.

If the student is deemed now Not Competent then the student will be issued a NC on the transcript and advised by the PEO to best re-enrol at a cost of \$400 per unit and re-study the unit and complete the assessment tasks.

Intervention Strategy (Study Plan)

Course Progress Intervention

KIC will assist you to meet course progress requirements by monitoring your progress and providing you with the relevant support at an early stage. We can provide you with a range of support from extra time to complete tasks or a reduced study load to study skills programs. If after providing you with this support, you do not meet course progress requirements, you will be issued with a first warning letter stating that your course progress is unsatisfactory and inviting you to a meeting to discuss further support. Following the provision of this support, if your progress is still unsatisfactory, you will be sent a second warning letter and again inviting you to a meeting to discuss why you are still not meeting satisfactory course progress requirements and to discuss new or revised support arrangements.

Where you continue not to meet course progress requirements in two consecutive study periods (A study period is determined to be two terms), you will be reported to DHA for not meeting course progress requirements. DHA will make the final decision on whether your visa will be cancelled because of your unsatisfactory course progress.

You may appeal KIC decision to report you to DHA. However, an appeal will only be considered if KIC has not:

- Recorded or calculated the student's marks correctly;
- Provided appropriate support as set out in this policy;
- Implemented other policies such as assessment and feedback which could impact on the student's results; or there are compassionate or compelling reasons high have contributed to the unsatisfactory progress. Circumstances that are compassionate or compelling circumstances include (but are not limited to):
 - Serious illness or injury, where a medical certificate states that the student was unable to attend classes;
 - Bereavement of close family members such as parents or grandparents (this does not apply to extended family);
 - Major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student's studies;
 - A traumatic experience which has impacted on the student and which could include involvement in or witnessing of a serious accident; and witnessing or being the victim of a serious crime. These cases should be supported by police or psychologists' reports);
 - Where KIC is unable to offer a pre-requisite unit;
 - Where the student is unable to begin studying on the course commencement date due to delay in receiving a student visa; or
 - Where a study load is reduced due to difficulties with meeting course progress requirements, this may mean that a student will need to do additional subjects in future sessions to complete their course in the time specified in their student visa.

Student Plagiarism, Cheating or Collusion

KIC has a no tolerance policy for plagiarism, cheating or collusion. Students are expected to act with integrity always and only submit work that is their own or that has been appropriately referenced and includes acknowledgements of all texts and resource materials utilised in the development of the work.

When you submit your assessments, you will be required to sign a declaration that the work provided is your own and that you have not cheated or plagiarised the work or colluded with any other student/s.

Where a student is suspected of plagiarising, cheating or colluding, KIC will take the necessary steps to detect if plagiarism, cheating or colluding has occurred by comparing work with electronic reference materials, internet resources and the work of other students, using electronic plagiarism detection software, comparing work against various academic databases and referring to our plagiarism register or any other appropriate method.

If you are found to have plagiarised, cheated or colluded, you will be given an opportunity to respond to the allegations. If you are found to have plagiarised, cheated or colluded, we will be required to take disciplinary action which is likely to require you to re-sit the assessment.

Disciplinary action may lead to the suspension or cancellation of your enrolment which may affect your visa.

Definitions

Cheating - this is the use of any means to gain an unfair advantage during the assessment process. Cheating may include copying a friend's answers, using mobile phones or other electronic devices during closed book assessments, bringing in and referring to pre-prepared written answers in a closed book assessment and referring to texts during closed book assessments amongst others.

Plagiarism - plagiarism is the submission of somebody else's work as if it was the student's own. This may include copying all or part of another person's thoughts or ideas and representing them as your own. If a student fails to identify the original source of some or all the submission this also constitutes plagiarism. If a

student copies another student's work and passes this off as their own, then this is also a form of plagiarism and cheating.

During assessment students will read about ideas and gather information from many sources. When students use these ideas in assignments, they must identify who produced them and in what publications they were found. If students do not do this, they are plagiarising. If students are including other people's work in submissions e.g., passages from books or websites, then reference should be made to the source.

Collusion - this is the presentation by a student of an assignment as his or her own which is the result of unauthorised collaboration with another person or persons. Collusion involves the cooperation of two or more students in plagiarism or other forms of academic misconduct or cheating. Both collusion and plagiarism can occur in group work.

Procedure

KIC will provide best-practice student academic support and intervention to optimise achievement of learning outcomes as well as satisfy the provisions of Standard 10 of the *National Code 2007*. Coherent processes including academic monitoring are established to identify and refer at-risk students. The intervention strategies to which students are referred include:

- Academic skills support;
- Additional English support;
- Additional tutoring/study groups;
- Personal counselling;
- Reduction in course load;
- Placement in a more appropriate class

These procedures outline intervention strategies for students at risk of not meeting satisfactory course progress requirements, or of meeting their academic potential.

The procedures specify:

- Procedures for contacting and counselling identified students;
- Strategies to assist identified students to achieve satisfactory course progress; and
- The process by which the intervention strategy is activated.

Identification of At - Risk Students

At-risk students are addressed through several intervention strategies. Students are categorised as being at-risk if they:

- Have failed half or more of their units in a given term; and/or
- Have failed the same unit twice; or
- Demonstrate difficulty with set diagnostic assessment pieces early in each term.

Intervention can also be triggered through a student's referral from the individuals below:

- The student themselves.

This intervention strategy includes provision for:

- Where appropriate, advising students on the suitability of the course in which they are enrolled;
- Assisting students by advising them of opportunities for a student to be reassessed for tasks in units or subjects where they have previously been assessed Not Yet Competent (NYC), or demonstrate the necessary competency in areas in which they not previously been able to demonstrate competency; and

- Advising students that unsatisfactory course progress in two consecutive study periods for a course could lead to the student being reported to DHA and cancellation of his or her visa, depending of the outcome of any appeals process

Activation of Intervention Strategies & Identification Intervals

Every student's academic progress will be reviewed every five (5) weeks or at the end of each term whichever comes first. Students assessed as being at risk of academic progress or achieving less than 65% competency will be referred for Intervention assessment review. Students identified as requiring intervention will be contacted by their respective trainers by telephone in the first instance or by letter in the second, and an interview organised to determine an action plan at the earliest convenience.

The second (2nd) stage of intervention will be immediately implemented if a student is deemed by their trainer to be unresponsive to the strategy and therefore the PEO will conduct an interview and determine a forward progress plan or alternative strategies such as suspension or cancellation.

Plans

Plans developed by trainers and/or the PEO will involve the student undertaking remedial work to assist in gaining competency. Remedial tasks may be conducted at the College or at a student's convenience dependant on the task required. This service will be provided at no additional cost to the student unless it conflicts with the reassessment fee structure.

Appeals

The student has 20 working days from the date of the Warning of Intention to Report for Unsatisfactory Course Progress – 20 working Days letter to appeal KIC's decision on the following grounds:

- KIC has not calculated or recorded the results accurately or correctly;
- Compassionate or compelling circumstances; and
- KIC has not implemented its intervention strategy and/or policies according to the documented policies and procedures available to students.

All appeals must be made in writing on the Student Appeal Form and will be assessed in accordance with the Student Grievances, Complaints and Appeals Policy and Procedures.

After completion of the appeals period, students will be reported to DHA for their unsatisfactory course progress if any of the below occurs:

- The student chooses not to appeal;
- The student withdraws from the appeals process;
- The outcome of the appeals process favours KIC's decision.
-

Competency Grading

Unsatisfactory Academic Progress

A student who is identified as "intervention level 2" and who fails to demonstrate competency in at least 80% of the course requirements in a study period will be deemed as making unsatisfactory academic progress. The student will be provided with a written notice of intention to exit them from the College and the complaints and appeals processes, and that they have 20 working days in which to do so. Whilst this process is being conducted the student will be permitted to attend classes and will be placed on an "intervention level 2" condition for the semester.

Academic Warning Action

- The Administration Officer monitors student academic results upon completion of delivery unit;
- The PEO mails out unsatisfactory Academic Warning Letter;
- Follows-up warning letter with phone call to organise a counselling session; and
- Make electronic entry and files copies in student file.

Calculations to Determine Academic Progress

Period Duration

The following calculation is to be used for determining academic progress and can be used for study periods or complete programs the result will indicate the current progress. It may be possible for a student to have less than 80% progress and still be able to recover to above that figure.

To determine this, use the calculation below:

$$\frac{\text{UOC successful}}{\text{Total UOC for the period}} \times \frac{100}{1} = \text{Percentage Academic Achievement}$$

KIC follows a competency system for grading the results of assessment tasks and final delivery unit results. Delivery unit results will be recorded on all official academic transcripts as either 'C' – competent, "NYC" – Not Yet Competent. Early withdrawals from a delivery unit will result in the recording of an 'NYC' whilst non-attempted subjects will be recorded as an 'NA' – not assessed.

Individual UOC assessment methods will be graded 'S' - Satisfactory or 'NS' Not Satisfactory and recorded on the individual assessment method responses as well as the Competency Summary for the qualification.

Students have the right to appeal assessment results and should follow the Student Grievance and Appeals Procedure for this situation.

Industry Consultations

KIC liaises with industry in an effort to confirm that: Current course material and training is reflective of industry needs, instilling skills to meet the employment and skill demands of industry; proposed courses are reflective of future industry and employment growth and assessment strategies, assess significant points and provide results that are useful to prospective employers.

KIC seeks industry contact through: Letters to industry. It happens through means of Letters. They issue letters stating Consultation and the Representations, membership of professional, industry organizations; employment of training staff with local industry skills and experience; contact with Skills Councils; guest trainers; excursions; use of local media – newspaper, magazines, journals etc. in training.

Flexible Assessment

The KIC assessment policy stipulates that all delivery units must be assessed at the time of delivery. All assessment tasks must be competency based and cover the entire competency units required. Assessment tasks are to be designed to evaluate evidence that a student can demonstrate competency in all relevant subject competencies. Students are provided with every opportunity, within their course duration, to obtain and show competency. Students who are not able to show competency after the completion of their course will have the opportunity to re-enrol in the course and complete the outstanding subjects.

At the start of each delivery unit trainers will identify the assessment needs of students and program a range of assessment strategies to meet these needs. Such assessment strategies might include formal exams, demonstrations, presentations, calculations, projects, reports, audio-visual, questions and answers, case studies etc.

Assessment Validation/Moderation

Validation

Validation is a quality review process. It involves checking that assessment tools produce valid, sufficient, current and authentic evidence to enable reasonable judgements to be made as to whether the requirements of the relevant aspects of the Training Package can be met. It includes reviewing and making recommendations for future improvements to the assessment tool, process and/or outcomes. This process is normally conducted prior to the use of a resource.

Moderation

Moderation is the process of bringing assessment judgements and standards into alignment. It is a process that ensures the same standards are applied to all assessment results within the same Unit(s) of Competency. It is an active process in the sense that adjustments to assessor judgements are made to overcome differences in the difficulty of the tool and/or the severity of judgements. This process is normally conducted after the use of a resource.

Assessment Recording

The trainer of the delivery unit conducts the assessment and evaluates the student's academic performance. Academic results are recorded by competency unit on the Student Competency Summary. This record is then entered onto the electronic SMS. Students can access this data base by using their individual codes that are provided at the initial induction, through their personal Internet Portal linked to the SMS. Students can only access academic progress by this method.

Late Submissions

The due date for all assessment tasks will be explained to students at the start of each unit. These dates must also be reproduced on the Assessment Task Cover Sheets. An extension can be applied for by completing a form but an extension may not be approved.

Students will be permitted to submit assessment tasks at any time during their course. An automatic 'NYC' will be awarded to any assessment task not submitted.

Incomplete Assessment

Students not completing all assessment tasks by the end of a unit or past the last method submission date will be awarded an 'NYC' for that unit and provided every opportunity to submit the outstanding tasks by the end of their course. The 'NYC' result will be reconsidered upon the submission of approved late assessment tasks.

Appeals for Reassessment

All appeals should follow the Student Grievance Procedure. Appeals regarding assessments will generally be conducted through an interview first with the trainer and then the CEO/Principal. A copy of the assessment task

under question should be brought to the interview (a copy of all assignments must be made by students prior to submission).

Student Submission of Group Work

In areas where the development of group skills is important students will be allowed the opportunity to submit group assessments as the product of the contribution of all work team members. Instructors/Assessors will ensure that group work is appropriate for the task and that a maximum group size is set and that students list on the covering page each team member's name with a description of individual contributions.

Oral Assessments

This type of assessment takes the form of an assessor observation of interaction, leadership, content, contribution and the planning capabilities of students. The instructor will provide students with a marking scheme or a checklist before the presentation and a review after the presentation.

Recognition of Prior Learning (RPL) and Exemptions

Recognition of Prior Learning

Students may apply for RPL based on previous and/or current work experience, life experience or non-accredited training. Only the supervising trainer as the course Principal may validate an RPL status. Students are required to indicate their intention to apply for RPL upon registration and complete the RPL Information kit which is available at reception. Students will be informed in writing as to the results of their application and if any further evidence is required.

Exemptions and National Recognition

To comply with national recognition standards KIC recognises the qualifications issued by other Australian RTO's and will confer an exemption for all previous training resulting in a competent result for the exact same competency units as listed on KIC course profiles. Only the supervising trainer and the course Principal may grant exemption status. Students are required to indicate their intention to apply for exemption at the time of registration and complete the RPL & Exemption Information Kit. Students will be informed in writing as to the results of their application and any further evidence is required.

The granting of RPL will reduce course length. DHA will be notified as to the new course length. Any adjustments to course price due to RPL or exemptions must go through the PEO only. Forms are available at the College Reception.

Personal Counselling

Students experiencing distress or discomfort are invited to approach either of the Student Services Officer who will treat each case confidentially and refer the student to the most appropriate agency for assistance with whom the student considers they will feel comfortable with. Where necessary the CEO will assist the student to access external professional assistance as required. All staff will always treat clients with courtesy and empathy.

The College has an MOU with a counsellor and will refer all students, if necessary, to this professional. The College will assist with the fees for the services offered by this counsellor.

Client Input and Feedback

All students at KIC are encouraged to provide continual client input and feedback. This input and feedback may be provided either informally through conversation, observation or suggestion or formally through interviews and surveys. KIC will attempt, whenever and wherever possible, to incorporate feedback in planning and development.

Trainer and student surveys will be distributed at the conclusion of each term and a suggestion box is always available at reception. Students are welcome to make appointments with staff members to discuss issues personally.

Student Results Recording

Students' results will be recorded on the Competency Summary. Results are to be entered at UOC level. At the conclusion of each subject trainers will calculate a final assessment and record the final assessment. This information is submitted to the Student Service Officer at the conclusion of the subject for entry into the student database and filing. No student is to enter any data or handle at any time the Competency Summary. This record is then entered onto the electronic SMS within seven (7) days on receipt by administration staff. Students can access this data base by using their individual codes that are provided at the initial induction. Students can only access academic progress or specific notices by this method.

Interim transcripts may be provided upon request. Final transcripts will be provided at the conclusion of the course.

Warning and Reporting

In accordance with legislative requirements KIC will notify and counsel students of their visa non-compliance and subsequently advise DHA or report students to DHA via PRISMS for all students who do not comply with the satisfactory academic performance requirements. Lack of academic progress is reportable.

Unsatisfactory Course Progress Policy

KIC will assess each student's progress every five (5) weeks. Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 80% of the course requirements in that study period. The length of a study period is determined as 18 study weeks (two terms).

KIC will define course requirements for each study period and be able to identify when a student has not passed or demonstrated competency in 80% or more of the course requirements. The course requirements for each study period will be made clear to the student at the start of the course and each study period. If a student is identified for the first time as not making satisfactory course progress, the intervention strategy is implemented. The intervention strategy must be activated within the first four (4) weeks of the following study period.

KIC has an intervention strategy refer to section Intervention Strategy (Study Plan) of this document) for any student who is not making satisfactory course progress. It is available to staff and students and specifies:

- Procedures for contacting and counselling students;
- Strategies to assist identified students to achieve satisfactory course progress; and
- The process by which the intervention strategy is activated.

The intervention strategy also includes:

- Where appropriate, advising students on the suitability of the course in which they are enrolled;
- Assisting students by advising of opportunities for the students to be reassessed for tasks in units or subjects they had previously failed, or demonstrate the necessary competency in areas in which they had not been previously able to demonstrate competency; and
- Advising students that unsatisfactory course progress in two consecutive study periods for a course could lead to the student being reported to DoE and cancellation of his or her visa, depending on the outcome of any appeals process.

Attendance

Attendance is not reportable data function for student visa conditions. KIC will maintain an attendance function as this information can be of assistance for intervention implementation as required and for student records.

Students are expected to maintain a satisfactory course progress for the duration of their course, in addition to satisfactory attendance, as well as participate in classroom learning activities. Students are also required to successfully complete all their assessment tasks. This represents satisfactory course progress.

Course progress is considered by KIC to be a direct relationship to course attendance. There is considered, by the organisation, to be a direct connection between lack of academic progress and lack of attendance. It is also recognised that this consideration will not apply to all students.

Records

KIC will maintain records relating to satisfactory course progress. These include:

- Assessment of course progress records for each student;
- Assessment results (as required by s.21 of the ESOS Act);
- Records of contact with students;
- Notices of intention to report;
- Complaints and appeals outcomes; and
- Other relevant records in relation to course progress.

Intervention Strategy (Study Plan)

KIC will provide best-practice student academic support and intervention to optimise achievement of learning outcomes as well as satisfy the provisions of Standard 10 of the National Code 2017. Coherent processes including academic monitoring are established to identify and refer at-risk students. The intervention strategies to which students are referred include:

- Attending academic skills programs;
- Attending tutorial or study groups;
- Receiving individual case management;
- Attending study clubs;
- Attending counselling;
- Receiving assistance with personal issues which are influencing progress;
- Receiving mentoring;
- Being placed in a suitable alternative subject within a course or a suitable alternative course; or
- A combination of the above and a reduction in course load.

Reporting Student on Course Progress

Where KIC has assessed the student as not achieving satisfactory course progress, The College will notify the student in writing of its intention to report the student for not achieving satisfactory course progress. The written notice will inform the student that they are able to access the KIC's complaints and appeals process and that the student has 20 working days in which to do so.

Where the student has chosen not to access the complaints and appeals processes within the 20 - working day period, withdraws from the process, or the process is completed and results in a decision supporting the registered provider, The College will notify DHA through PRISMS of the student not achieving satisfactory course progress as soon as practicable.

Deferral, Suspension or Cancellation

KIC can only defer or temporarily suspend the enrolment of a student on the grounds of:

9.3.1 misbehaviour by the student

9.3.2 the student's failure to pay an amount he or she was required to pay the registered provider to undertake or continue the course as stated in the written agreement

9.3.3 a breach of course progress or attendance requirements by the overseas student, which must occur in accordance with Standard 8 (Overseas student visa requirements).

National Code of Practice for Providers of Education and Training to Overseas Students 2018

KIC will:

9.4.1 inform the overseas student of that intention and the reasons for doing so, in writing

9.4.2 advise the overseas student of their right to appeal through the provider's internal complaints and appeals process, in accordance with Standard 10 (Complaints and appeals), within 20 working days.

National Code of Practice for Providers of Education and Training to Overseas Students 2018

Definition

Compassionate or compelling circumstances are generally those that are beyond the control of the student, and which may affect their well-being or their progress such as a serious injury, illness, traumatic experience or the death of a close family member. In these situations, the student is generally allowed to remain on a student visa, provided they are still enrolled in their course of study and intend to resume their studies

KIC will not permit a student to defer commencement or suspend studies except on the grounds of illness as evidenced by a medical certificate indicating that the student cannot attend studies or other exceptional compassionate circumstances beyond the students control e.g., bereavement.

Students must notify KIC in writing stating the exact reason for the course deferral or suspension of studies and accompany the letter with full documentation.

In the case of deferral or suspension due to sickness the student must provide original doctors certificates – from a registered medical practitioner. No other certificates are acceptable.

KIC will notify the student in writing as to the decision to cancel the student's registration stating the reasons why.

Any deferral, suspension or cancellation of studies will be notified to DHA within 20 days via PRISMS. Students will need to be counselled that DHA has the final say as to whether reasons are acceptable.

KIC will inform the student of its intention to suspend or cancel the student's enrolment where the suspension or cancellation is not initiated by the student and notify the student that he or she has 20 working days to access KIC complaints and appeals process. If the student accesses the registered provider's internal complaints and appeals process, the suspension or cancellation of the student's enrolment under this standard will not take effect until the internal process is completed, unless extenuating circumstances relating to the welfare of the student apply.

Prescribed Information about an accepted student who does not commence on the nominated date must include:

1. student's full name, gender, date of birth, country of birth, nationality
2. CRICOS course code
3. Agreed starting day and day when the course is expected to be completed.

KIC can only defer or temporarily suspend the enrolment of the student on the grounds of misbehaviour by the student (e.g., Disciplinary or plagiaristic reasons)

Procedure

All course deferrals and suspensions will result in the implementation of KIC Cancellation and Refund Strategy:

1. Student completes all registration processes;
2. COE is constructed with start and end date;
3. If student does not start a course on registered start date KIC will report to DHA via PRISMS;
4. If student contacts KIC to defer or suspend a course KIC will report to DHA via PRISMS;
5. If student contacts KIC to defer or suspend course due to exceptional circumstances i.e., medical, bereavement KIC will report to DHA via PRISMS;
6. If KIC initiates deferment, suspension or cancellation the student will be contacted in writing;
7. KIC will inform the student that deferring, suspending or cancelling his or her enrolment may affect his or her student visa; and
8. KIC will make an electronic and manual entry onto student notes and in the student file.

Appeals Process

A complaints/grievances and assessment appeal process are an integral part of the Standards for Registered Training Organisation (RTO) 2015, and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018.

A fair and impartial appeals process is available to all students of KIC. If a student wishes to appeal his/her complaint/grievance/assessment result, he/she must first discuss the issue with the trainer/assessor.

If the student would like to proceed further with the request after discussions with the trainer/assessor a formal request is made in writing outlining the reason(s) for the appeal.

Grounds for Appeal

An application for appeal will be considered where:

- A student claims to be unfairly treated by fellow students or staff;
- A student claims to be unfairly treated by compliance with the KIC policy and procedures;
- A student claims a disadvantage because the trainer did not provide a subject outline;
- A student claims disadvantage because the trainer varied without consultation or in an unreasonable way the assessment requirements as specified in the subject outline;
- A student claims disadvantage because assessment requirements specified by the trainer were unreasonably or prejudicially applied to him or her;
- A student is of the view that a clerical error has occurred in the documenting of the assessment outcome; or
- A student claims that there is a discrepancy between the practical observation and the formal assessment.

All appeals are recorded and reviewed at Management Review Meetings. Results of all appeals are communicated in writing to the student, within 20 working days of the result being finalised, and a copy of any communication is also kept on file, both on the complaints register and, in the student's, individual file.

On completion, at competent level, of all subjects within the appropriate course, students will be eligible to receive qualifications.

Upon exit, if students do not complete all required subjects at competent level, they will not be eligible to receive a Certificate. They will, however, be eligible to receive a Statement of Attainment for their successes.

AQF certification documentation is required to be issued to a learner within 30 calendar days of the learner being assessed as meeting the requirements of the training product if the training program in which the learner is enrolled is complete and providing all agreed fees the learner owes to the RTO have been paid.

Transport

OPAL Card

Opal cards are smartcard tickets that you keep, reload and reuse to pay for travel on public transport. Simply add value to your Opal card then tap on and tap off to pay your fares on trains, buses, ferries and light rail – anywhere within the Opal network.

As well as the lowest single fares, Opal cards have lots of benefits for regular travellers.

Taxis

It is usually easy to find a taxi in Sydney. Prices vary depending on the distance travelled. If you take a taxi on a tollway you will have to pay the toll for the taxi's return journey. You can take a taxi from a taxi rank, book one by telephone or you can 'hail' a taxi from the street.

Weather

Sydney has a mild climate, especially in winter, but be aware that the weather is subject to quick changes. Each day may be a combination of seasons, so be prepared for rain, heat, or cold, wind and sunshine all in the one day. Perhaps you should carry an umbrella and something warm. Listen to the weather forecasts carefully.

Medical Problems

If you get sick, you may have to go and see a doctor. In Australia you do not go to a hospital unless you are seriously ill. You go to your local doctor who will have a surgery near your house. If you cannot leave the house, you can ring the doctor's receptionist and make an appointment for the doctor to visit you. In this case the cost will be greater.

If you cannot come to the College, the doctors will give you a medical certificate that describes what is wrong with you, stating how many days you may stay at home. Don't forget to give your medical certificate to the

receptionist when you return to KIC or the time you are away will affect your attendance. Your OSHC may reduce the cost of medical services.

Telephone

Local calls on a public telephone require coins. Coins to use: 10 cents, 21 cents, 50 cents and \$1 coins only. You can buy phone cards that cost between \$2 and \$50 at any newsagent or authorised outlet.

Emergency

- Police, Fire, Ambulance 000 (landline service)
- Police, Fire, Ambulance 112 (mobile service)
- Telephone Interpreter Service (TIS) 13-1450

International Calls

- 0011 + country code + area code + number (country codes may be found in the telephone directory).

Banking

There are many different types of bank accounts. Ask about the different types of accounts before you decide which one you would like to open. A Savings Account is probably the most suitable account for students. When you open an account, you will normally receive an Automated Teller Machine (ATM) Card allowing you to withdraw money after hours. Many shops in Australia will not accept cheques but most will take credit or debit cards. An ATM Card cannot be used for credit, but it can be used in some supermarkets to pay for the bill (as long as there is money in your account) and it can be used to withdraw money from the machine (ATM) you find outside banks and in selected locations.

Accommodation

Private rental accommodation in and around Sydney ranges in price depending on the individual student needs. Some suggested locations are:

- <http://www.homestaynetwork.org/>
- <https://www.yha.com.au/>
- <https://flatmates.com.au/>
- <https://www.realestate.com.au/rent>

KIC also help with students to find appropriate accommodation those who are arriving for the first-time including airport pick-up, if necessary, upon payment of nominated charge. But it is usually easier and cheaper for students to organise their own arrangement where possible.
